

Movie Critique

Several movies were offered to fulfill your EL requirement (in part). Each movie has a direct correlation to Hip-hop culture and the matters discussed in class. In your write-up, in addition to writing a short summary of the movie (1 page), I'd like you to explore the connection you found between the movie and class (1 page). I'm very much interested in anecdotal/introspective responses as opposed to high level, 'media-like' write-ups. Feel free to hone in on certain aspects of the movies instead of trying to cover all elements when describing the connection between the movie and the class.

All responses should be sent electronically to: hh_prof@comcast.net

NOTE: Please use DESCRIPTIVE file names. LASTNAME_moviename.doc will suffice.
