[Intro: Ghostface Killah]

Pss.. yo, yo, yo (yo son roll!)

Oh shit, yo, yo, run!

[Ghostface Killah]

A-yo, I jumped from the 8th floor step, hit the ground

The pound fell, cops is coming

Runnin' through the pissy stairwells, I ain't hear nothin'

Buggin', only thing I remember was the bullshit summon

so I stopped at the 2nd floor, ran across, cracks is fallin'

My pockets is lean, clean when I vanished off

Took off, made track look easy

The walkie talkies them D-E-T's had, black, they was rated P.G

Run, I will knock your bug, no, quick flag the car down

Take me to.. Ghost here they come now!

Errr! Pull off quick, back up, hit the bitch, dog

Turned down Hill, light the Marley spliff

Run! I will not get bagged on the rock

Run! I seen what happened to Un, they bad with they cops

Run! They am' shit, plan shit, destroy evidence

Get cassed, I'm not comin' home with no fifty six

Die with the heart of Scarface and take fifty licks

Before I let these crackers throw me and shit

Bounce if you a good kid, bounce, do the bird hop

Curse, swerve to get served, these cocksuckers got nerve

Heard I was killin' shit, they must got word

That I told the chief on Rich Port I don't wanna merge

[Chorus: Ghostface Killah]

Run! If you sell drugs in the school zone

Run! If you gettin' chased with no shoes on

Run! Fuck that! Run! Cops got, guns!

They givin' out life like bird tons

Run! If you ain't do shit, you it

That next felony, nigga, it's like three zip

So, run! Hop fences, jump over benches!

When you see me comin' get the fuck out the entrance!

Run! Fuck that! Run! Cops got guns! Muthafucka..

43 [Interlude: Jadakiss (Ghostface Killah)]
44 Ah-hah! I might gotta take my shirt off (yeah, kid...)
45 I like that one (uh-huh, go in, go in!)
46
47 [Jadakiss]
48 Yo, uh, it's Task Force Tuesday, the NARCS is in the black car
49 I got fine hundred, hundred packs in my backyard
50 Clear twelve-twelve's, that look like stuff shells
51 I'm cuttin' niggaz throats on the sails, while they puff L's
52 Don't leave nothin' unbagged, shave everything
53 I learned from the O.G.'s to save everything (to save everything)
54 They come by one more time, they gon' hop out
55 They two deep, and one is a bitch, she gettin' knocked out
56 Then I can get rid of the pack
57 but I just copped this pretty chrome thing, so I'm dippin' with that
58 Uh, down-shiftin' on 'em like I got gears on me
59 (Run!) Besides that, I got about 5 years on me
60 (Run!) Scared to death, runnin' like I got bears on me
61 (Run!) My Timb's start feelin' like they Nike Air's on me
62 (Run!) It's hard for me to slow down, it's like I'm on the Throughway
63 My belt's in the crib on the floor by my two-way
64 Now I'm try'nna hold my hammer up, and my pants too
65 If they don't kill me, they gon' give me a number I can't do
66 Rather it be the streets, then jail where I die at
67 And I'm ashmatic, so I'm lookin' for somewhere to hide at
68 But they too close, and I got this new toast
69 'Magine if I would of let off a shot or two, you know what I gotta do
