

How to Create a Link in Nvu

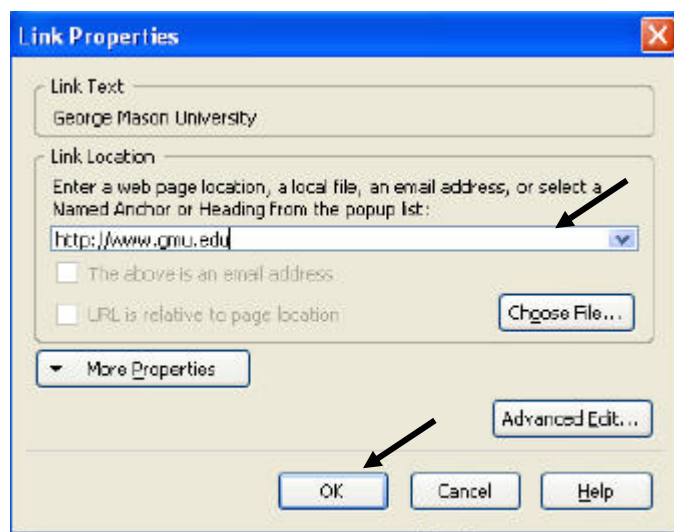

To create a text link...

1. Open the web page where you want to place the link(s).
2. Highlight the text that you want to include in the link and click on the “Link” icon.

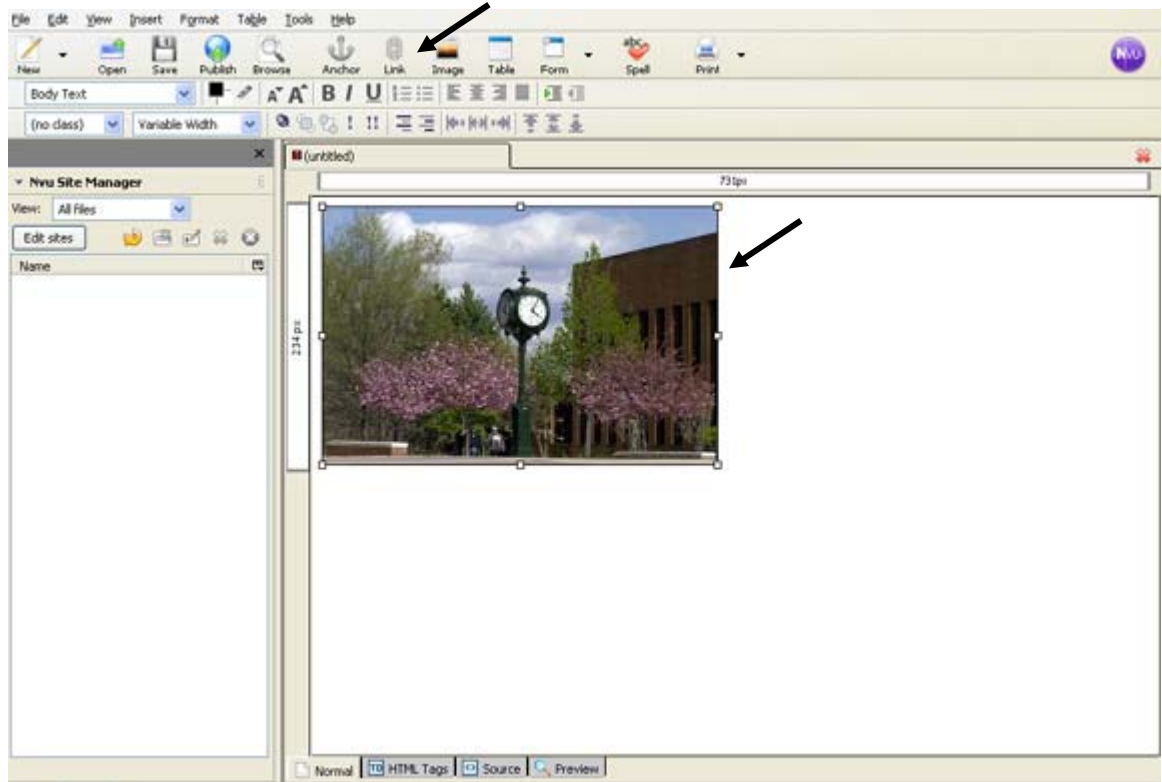

NOTE: The “Link Properties” box will appear.

3. Enter the name of the file or the web page location (URL) in the text box and click on “OK.”

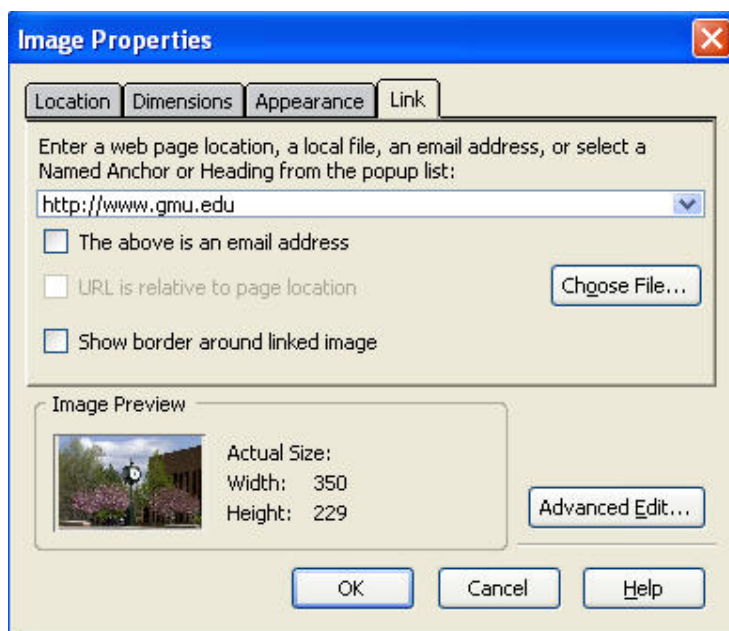

To create a graphic link...

1. Open the web page where you want to place the link(s).
2. Click on the image that you want to include in the link and click on the “Link” icon.

NOTE: The “Image Properties” box will appear.

3. Enter the name of the file or the web page location (URL) in the text box and click on “OK.”
